

## Message from the Editor-in-Chief

Banmali S. Rawat

It gives me great pleasure to bring out the 4<sup>th</sup> issue of the **International Journal of Microwave and Optical Technology (IJMOT)** for the year 2016. This issue consists of interesting papers in the areas of: reconfigurable antenna for digital broadcasting, Rhombic antenna for multiband, multilayer substrate integrated waveguide directional coupler, CPW fed microstrip antenna for WLAN and WIMAX applications, wideband MIMO antenna with ground modification, measurement of 2.4 GHz WLAN channels for Wi-Fi, inset fed microstrip antenna with plus (+) shaped slots, novel and compact UWB microstrip filter design, propagation of TM modes in circular cylindrical waveguides for Gyro-TWT applications, new design of microstrip antenna with modified ground for WiMAX applications, circularly polarized antenna array for rectenna system and hybrid OCDMA/WDM system with DPSK modulation for optical access networks.

*If your current research paper submitted to IJMOT or any other journal is in similar area as published previously in IJMOT, please make sure to cite the reference of IJMOT. This would help in improving the impact factor of IJMOT.*

**Please note that the authors with their university/organization being subscriber of IJMOT in good standing will have to pay only 50% of publication charges up to 8 pages. After that it is \$30 per extra page.**

**The preparations for ISMOT-2017 in Seoul, South Korea from June 26-28, 2017 under the leadership of Prof. Wee Sang Park of Pohang University of Science & Technology are underway. Further details about ISMOT-2017 will be published in the following issues of IJMOT**

I am very pleased to inform our authors/subscribers that IJMOT is now indexed by SCOPUS, SCI (request submitted), Google, EBSCO, ISI, Elsevier, EI- Compendex (request submitted), and Media Finder. We are contacting other indexing agencies also in this regard.

I would like to thank all the editorial board members, reviewers and subscribers for their continued help and support for IJMOT without their support it is not possible to publish the journal in a timely manner. Our special thanks to Web Manager Mr. Shridhar for doing excellent job by publishing all the issues in time.

**Banmali S. Rawat**
