

Message from the Editor-in-Chief

Banmali S. Rawat

It gives me great pleasure to bring out the second issue of the **International Journal of Microwave and Optical Technology (IJMOT)** for the year 2009. This issue contains good mixture of papers in microwave area, antenna and communication systems. As mentioned in the last issue we are still working on the user friendly software development for IJMOT.

I am again requesting to all the authors of the published papers to contribute the voluntary page charges as much as possible. It is absolutely necessary for maintaining publication time-line, free of charge publication/access and quality of the publications.

I would also request our contributors/subscribers to participate in large number in the upcoming **12th International Symposium on Microwave and Optical Technology (ISMOT-2009)** to be held in New Delhi, India from December 16-19, 2009 under the leadership of Prof. R.S. Gupta of University of Delhi. For complete details about the conference, paper submission and other information, please visit the ISMOT-2009 website at: www.ismot2009.in

My special thanks to our web manager Mr. Syam Challa for his continued efforts for improving the IJMOT website and helping in the publication of every issue since last year.

Banmali S. Rawat
